

Certificate of Analysis

PRODUCT: Microcare Zn

9th April 2013

COMPOSITION	%
Zinc (Zn) in EDTA form	14
Ethylenediaminetetraacetic acid (EDTA)	62.5
<i>Element origin: Zinc EDTA</i>	

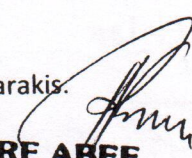

pH (1% solution)	5 ± 0.5
Form	Water Soluble powder
Dilution rate	For foliar application do not exceed a concentration of 0,1%
Color	White - Light beige
Solubility	100%

Packaging:

Product is available in
1 Kg cardboard boxes, 20 Kg buckets
